

In the past year,
Compass Retail
has returned
more than £7
million to NHS
Hospital Trusts.

7
million

With the NHS facing a forecasted £20bn funding shortfall, Compass Retail has invested £4.3 million in new retail infrastructure – and now has a portfolio of 119 Costa coffee outlets, convenience stores and restaurants.

From Compass' initial investment of £230,000 to open a licensed Costa at the Royal Hampshire County Hospital in Winchester, sales have topped £400,000, giving 130,000 customers a place to unwind and the Trust an enhanced income stream.

Click here to take advantage of our strong retail heritage. A professionally planned and executed Costa can contribute an average of £60,000 revenue every year, with no risk, no cost and no effort.

After

A fully licensed Costa Coffee at The Royal Hampshire County Hospital in Winchester

“Costa Coffee gives us a fantastic area for staff, patients and visitors to relax and enjoy great coffee and snacks. The ambience is unlike the rest of the hospital. It is informal and comfortable and offers a retreat from the clinical areas.”

Michael Leggatt
General Manager Facilities & Estates Services
Royal Hampshire County Hospital
